

COMMENTS

Reconsideration and allowance in view of the proposed amendments and the following comments are respectfully requested.

The specification is objected to by the Examiner. Applicant has amended the specification as shown in the proposed amendment for overcoming the objection.

Claims 2 and 6 are objected to due to certain informalities as noted at page 2 of the Action. Claims 5 and 6 are rejected under 35 USC 112, second paragraph, as being indefinite. In response, Applicant has amended claims 1, 2, 5 and 6, which, Applicant submits, are fully responsive to the objection to claims 2 and 6 and rejection of claims 5 and 6.

Accordingly, Applicant believes that all claims are now patentable.

If there are any fees due in connection with the filing of this response, please charge those fees to our Deposit Account No. 02-2666. If a telephone interview would expedite the prosecution of this Application, the Examiner is invited to contact the undersigned at (310) 207-3800.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR, & ZAFMAN
